The reservation system experts

Our innovative **cloud-based** reservation system is designed to be really **easy to use** and is packed with all of the features you need to run a successful accommodation business. The system is suitable for all property types, including B&Bs, motels, hotels, backpackers, self-catering, homestays, farmstays and holiday parks.

Choose from our totally **FREE Basic Service** or our all-in-one **Premium Service** which features property management system with channel manager and online booking service.

Totally FREE online booking

All of our services include our **TOTALLY FREE** fully featured online booking system. Not only is it **commission-free**, but there are **NO** additional or hidden charges to pay on bookings.

Property Management System

Our **premium service** property management system (PMS) is a big step up from a basic booking diary and incorporates a built-in channel manager that connects to all of the key online travel agents (OTAs) and booking systems.

With comprehensive system reports the system gives you all of the key information to make informed decisions about your business.

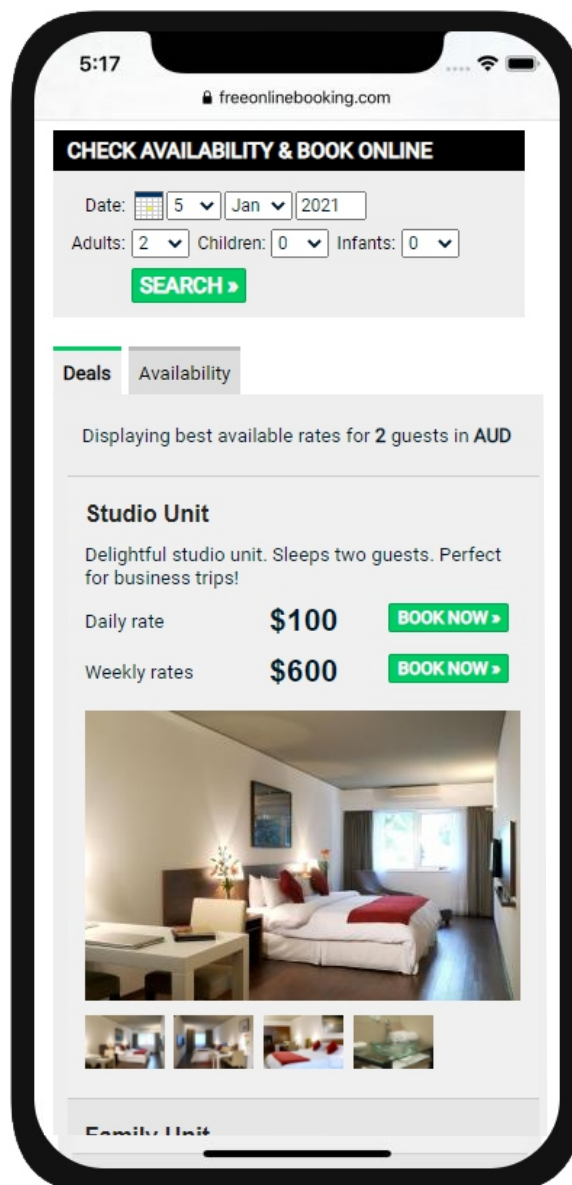

Built-in email marketing and automatic pre-post stay emails makes it easy to build your business, and keep your customers fully informed about their stay with you.

Channel Management

Our channel manager automatically updates all the major accommodation booking websites such as Booking.com, Expedia, Agoda, Book Easy, AirBnB, Trip Advisor etc. Our innovative features such as commission management and intelligent minimum stay save you money and maximise your profit.

Easy to use, easy to learn

All our services are designed to be really **easy to use** and **easy to learn**. We also offer a **FREE 30 day trial**, so you can be sure that the system meets the needs of your business.
